Morning Consult
National Tracking Poll #150401
April 17-20, 2015

Crosstabulation Results

Methodology:

This poll was conducted from April 17-20, 2015, among a national sample of 1595 registered voters. The interviews were conducted online and the data were weighted to approximate a target sample of registered voters based on age, race/ethnicity, gender, educational attainment, region, annual household income, home ownership status and marital status. Results from the full survey have a margin of error of plus or minus 2 percentage points.
