Morning Consult  
National Tracking Poll #161106  
November 09-10, 2016

## Crosstabulation Results

### Methodology:

This poll was conducted from November 09-10, 2016, among a national sample of 1786 registered voters. The interviews were conducted online and the data were weighted to approximate a target sample of registered voters based on age, race/ethnicity, gender, educational attainment, region, annual household income, home ownership status and marital status. Results from the full survey have a margin of error of plus or minus 2 percentage points.
