Morning Consult
National Tracking Poll #170102
January 12-13, 2017

Crosstabulation Results

Methodology:

This poll was conducted from January 12-13, 2017, among a national sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table BRD6_2: Developers of self-driving cars, also known as autonomous vehicles, say these vehicles will free up drivers so they can do tasks they could not normally do while operating a vehicle. Once these cars are widely available, do you think it would be acceptable or unacceptable for people in self-driving cars, also known as autonomous vehicles to do each of the following?

Table BRD25: As you may know, Taco Bell recently announced they will be offering a fried chicken taco shell at all of their U.S. locations, beginning later this month. The shell will be made of all-white, seasoned chicken and called the Naked Chicken Chalupa. Does this announcement make you more or less likely to visit a local Taco Bell in the next three months, or does it make no difference either way?
