Morning Consult
National Tracking Poll #171006
October 12-16, 2017

Crosstabulation Results

Methodology:

This poll was conducted from October 12-16, 2017, among a national sample of 1991 registered voters. The interviews were conducted online and the data were weighted to approximate a target sample of registered voters based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table POL8_4: As you may know, President Trump recently signed an executive order that would allow employers, such as small businesses, to form groups across state lines and offer employees less expensive, but also less comprehensive coverage, compared to current plans on the market. Do you believe this order will have a positive impact, a negative impact, or not much impact either way on each of the following?
