Morning Consult<br>National Tracking Poll \#171109<br>November 16-19, 2017

## Crosstabulation Results

## Methodology:

This poll was conducted from November 16-19, 2017, among a national sample of 2586 registered voters. The interviews were conducted online and the data were weighted to approximate a target sample of registered voters based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table POL20: FISA Section 702 sometimes the collects communications of American citizens if they are communicating with foreign nationals being monitored by the FBI. Currently, the FBI does not need a warrant in criminal investigations to search through U.S. person identifiers, such as phone numbers or email addresses, that are incidentally collected under Section 702. Knowing this, which of the following comes closest to your view even if neither is exactly right?
