Crosstabulation Results

Methodology:
This poll was conducted from March 08-12, 2018, among a national sample of 1997 registered voters. The interviews were conducted online and the data were weighted to approximate a target sample of registered voters based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
# Table Index

1. **Table P1:** Now, generally speaking, would you say that things in the country are going in the right direction, or have they pretty seriously gotten off on the wrong track? .......................... 7
2. **Table Q172:** Do you approve or disapprove of the job Donald Trump is doing as President? ........... 10
3. **Table Q172NET:** Do you approve or disapprove of the job Donald Trump is doing as President? ........ 13
4. **Table P3:** Now, thinking about your vote, what would you say is the top set of issues on your mind when you cast your vote for federal offices such as U.S. Senate or Congress? ....................... 16
5. **Table POL1_1:** Who do you trust more to handle each of the following issues? The economy ........ 19
6. **Table POL1_4:** Who do you trust more to handle each of the following issues? Jobs .................. 22
7. **Table POL1_5:** Who do you trust more to handle each of the following issues? Health care .......... 25
8. **Table POL1_6:** Who do you trust more to handle each of the following issues? Immigration ....... 28
9. **Table POL1_7:** Who do you trust more to handle each of the following issues? The environment .. 31
10. **Table POL1_8:** Who do you trust more to handle each of the following issues? Energy ............. 34
11. **Table POL1_9:** Who do you trust more to handle each of the following issues? Education .......... 37
12. **Table POL1_10:** Who do you trust more to handle each of the following issues? National security . 40
13. **Table POL1_11:** Who do you trust more to handle each of the following issues? Sexual harassment and misconduct in the workplace ................................................................. 43
14. **Table POL1_12:** Who do you trust more to handle each of the following issues? Gun policy .......... 46
15. **Table POL2:** If the election for U.S. Congress in your district was held today, which one of the following candidates are you most likely to vote for? ............................................. 49
16. **Table POL3_1:** How important of a priority should each of the following be for Congress? Passing a healthcare reform bill ................................................................. 52
17. **Table POL3_4:** How important of a priority should each of the following be for Congress? Investigating some of President Trump’s campaign officials for alleged connections or contacts with the Russian government during the 2016 elections ............................................................. 55
18. **Table POL3_5:** How important of a priority should each of the following be for Congress? Reforming entitlement programs like Medicare and Social Security .................................................... 58
19. **Table POL3_6:** How important of a priority should each of the following be for Congress? Passing an infrastructure spending bill ........................................................................ 61
20. **Table POL3_7:** How important of a priority should each of the following be for Congress? Passing a bill to reform regulations on banks and financial services companies ........................................... 64
21. **Table POL3_8:** How important of a priority should each of the following be for Congress? Passing an immigration reform bill ........................................................................ 67
Table POL3_9: How important of a priority should each of the following be for Congress? Constructing a wall along the U.S. / Mexico border ................................................................. 70

Table POL3_10: How important of a priority should each of the following be for Congress? Passing a bill that grants young people who were brought to the United States illegally when they were children, often with their parents, protection from deportation ........................................................................ 73

Table POL3_11: How important of a priority should each of the following be for Congress? Reducing the federal budget deficit .................................................................................................. 76

Table POL3_12: How important of a priority should each of the following be for Congress? Passing legislation placing additional regulations on gun ownership ............................................................... 79

Table POL4_1: How much have you seen, read or heard about each of the following? The United States imposing a 25% tariff on steel imports and a 10% tariff on aluminum imports ........................................ 82

Table POL4_4: How much have you seen, read or heard about each of the following? North Korea indicating that they are willing to hold talks with the United States on getting rid of their nuclear weapons ................................................................................................................. 85

Table POL4_5: How much have you seen, read or heard about each of the following? The adult film star Stormy Daniels receiving a payment of $130,000 from President Trump’s attorney before the 2016 election ......................................................................................................................... 88

Table POL5: Which of the following comes closest to your view, even if neither is exactly right? ........................................................................................................................................................................... 91

Table POL6: As you may know, it was recently announced that the United States will impose a 25% tariff on steel imports and a 10% tariff on aluminum imports. Based on what you know, do you support or oppose raising tariffs on aluminum and steel? .................................................................................... 94

Table POL7: As you may know, President Trump recently announced that the United States will impose a 25% tariff on steel imports and a 10% tariff on aluminum imports. Based on what you know, do you support or oppose raising tariffs on aluminum and steel? .............................................................................. 97

Table POL8: And based on what you know, do you think that raising tariffs on aluminum and steel imports will make those materials more expensive, less expensive, or not make much of a difference either way for U.S. businesses? .................................................................................................................. 100

Table POL9_1: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? The U.S. economy ................................................................................................................... 103

Table POL9_4: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? Foreign economies .................................................................................................................. 106

Table POL9_5: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? U.S. manufacturing businesses ......................................................................................... 109

Table POL9_6: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? Foreign businesses .................................................................................................................. 112

Table POL9_7: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? U.S. consumers ............................................................................................................. 115

Table POL9_8: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? The upper class in the U.S. ...................................................................................................... 118
Table POL9_9: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? The middle class in the U.S. .............................................................. 121

Table POL9_10: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? The lower class in the U.S. .............................................................. 124

Table POL9_11: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? U.S. businesses that rely on these materials, but do not manufacture them .............................................. 127

Table POL9_12: Do you think that raising tariffs on aluminum and steel imports will help or hurt the following? U.S. job creation .................................................................................. 130

Table POL10_1: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? Foreign countries will raise tariffs on American-made products ................................. 133

Table POL10_4: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? There will be a trade war between the United States and foreign countries 136

Table POL10_5: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? It will be more expensive for U.S. manufacturing businesses to manufacture products ............................................................................... 139

Table POL10_6: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? It will be cheaper for U.S. manufacturing businesses to manufacture products 142

Table POL10_7: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? U.S. consumers will buy more American-made products ......................................................... 145

Table POL10_8: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? U.S. consumers will buy less American-made products ......................................................... 148

Table POL10_9: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? Foreign consumers will buy more American-made products ......................................................... 151

Table POL10_10: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? Foreign consumers will buy less American-made products ......................................................... 154

Table POL10_11: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? U.S. manufacturing businesses will rely more on U.S.-made steel and aluminum to manufacture products ........................................................................ 157

Table POL10_12: How likely do you think the following scenarios are as a result of raising tariffs on aluminum and steel imports? More U.S. manufacturing jobs will be added to the economy ......................................................... 160

Table POL12: Do you, or does anyone in your household, own a gun of any kind? .............................................................. 163

Table POL13: Do you support or oppose stricter gun control laws in the United States? ......................................................... 166

Table POL14: To the best of your knowledge, do you believe the 2010 Affordable Care Act, sometimes referred to as Obamacare, has been... .............................................................. 169

Table POL15: Do you approve or disapprove of the 2010 Affordable Care Act, sometimes referred to as Obamacare? .............................................................. 172
Table POL16: When it comes to the 2010 Affordable Care Act, sometimes referred to as Obamacare, do you think it should be...

Table POL17_1: How would you rate the current state of each of the following? The U.S. healthcare system

Table POL17_4: How would you rate the current state of each of the following? The Affordable Care Act, sometimes referred to as Obamacare

Table POL18_1: Who would you say is more responsible for each of the following? The state of the U.S. healthcare system

Table POL18_4: Who would you say is more responsible for each of the following? The state of the Affordable Care Act, sometimes referred to as Obamacare

Table POL19_1: Who would you say is most responsible for each of the following? The state of the U.S. healthcare system

Table POL19_4: Who would you say is most responsible for each of the following? The state of the Affordable Care Act, sometimes referred to as Obamacare

Table POL20: Do you support or oppose a single payer health care system, where all Americans would get their health insurance from the government?

Table POL21: Do you support or oppose a universal health care system, where all Americans would get their health insurance from the government?

Table POL22: Do you think the government spends too little, too much, or about the right amount on healthcare?

Table POL23: How much confidence do you have in President Trump to handle threats posed by North Korea?

Table POL24: As you may know, North Korea's leader, Kim Jong-un, has told South Korean officials that he is willing to hold talks with the United States on getting rid of North Korea's nuclear weapons in exchange for guarantees of security from the United States. Mr. Kim also said that his country would suspend all nuclear and missile tests during these talks. Knowing this, how much confidence do you have that the U.S. will successfully negotiate with North Korea to stop building its nuclear weapons program?

Table POL25_1: Do you support or oppose the following kinds of U.S. action to pressure North Korea to stop building its nuclear weapons program? Continue diplomatic efforts to get North Korea to suspend its nuclear weapons program

Table POL25_4: Do you support or oppose the following kinds of U.S. action to pressure North Korea to stop building its nuclear weapons program? Adding North Korea to a list of countries that are designated as state sponsors of terrorism

Table POL25_5: Do you support or oppose the following kinds of U.S. action to pressure North Korea to stop building its nuclear weapons program? Additional sanctions against the government and government leaders

Table POL25_6: Do you support or oppose the following kinds of U.S. action to pressure North Korea to stop building its nuclear weapons program? Sanctions against countries that trade with North Korea
Table POL25_7: Do you support or oppose the following kinds of U.S. action to pressure North Korea to stop building its nuclear weapons program? Air strikes against military targets and suspected nuclear sites in North Korea .......................................................... 223

Table POL25_8: Do you support or oppose the following kinds of U.S. action to pressure North Korea to stop building its nuclear weapons program? Send in U.S. ground troops to take control of the country .......................................................... 226

Table POL26: As you may know, the adult film star Stormy Daniels received a payment of $130,000 from Trump's lawyer in October of 2016. Daniels claims to have had a sexual affair with President Trump in 2006 and 2007, and some have speculated that this money, in addition to a nondisclosure agreement, were intended to ensure that Daniels did not speak out about the affair during the 2016 campaign. Now, Stormy Daniels has filed a lawsuit alleging that President Trump was directly involved in this payment. This payment was not reported as a campaign expenditure, which some argue constitutes a violation of campaign finance law. Knowing this, which of the following statements comes closer to your view, even if neither is exactly right? .......................................................... 229

Table POL27: Does the Stormy Daniels matter give you a more favorable or unfavorable view of President Trump, or does it not make much difference either way? .......................................................... 233

Table indPresApp_4: Next we will look at a list of names that are active in politics. It is a long list, please take the time to go through the list carefully and give an individual answer for each name below. For each person, please indicate if you have a Very Favorable, Somewhat Favorable, Somewhat Unfavorable, or Very Unfavorable opinion of each. If you have heard of the person, but do not have an opinion, please mark “Heard Of, No Opinion”. If you have not heard of the person, please mark “Never Heard Of”:
Mitch McConnell .......................................................... 236

Table indPresApp_5: Favorability for: Paul Ryan .......................................................... 240
Table indPresApp_6: Favorability for: Nancy Pelosi .......................................................... 243
Table indPresApp_7: Favorability for: Charles Schumer .......................................................... 246
Table indPresApp_8: Favorability for: Mike Pence .......................................................... 249
Table indPresApp_9: Favorability for: Donald Trump .......................................................... 252
Table indPresApp_10: Favorability for: Republicans in Congress .......................................................... 255
Table indPresApp_11: Favorability for: Democrats in Congress .......................................................... 258
Table indPresApp_12: Favorability for: Melania Trump .......................................................... 261
Table indPresApp_13: Favorability for: Ivanka Trump .......................................................... 264
Table indPresApp_14: Favorability for: Jared Kushner .......................................................... 267
Table indPresApp_15: Favorability for: Kellyanne Conway .......................................................... 270
Table indPresApp_16: Favorability for: Jeff Sessions .......................................................... 273
Table indPresApp_17: Favorability for: Robert Mueller .......................................................... 276
Table indPresApp_18: Favorability for: National Rifle Association .......................................................... 279

Table POL24: As you may know, North Korea’s leader, Kim Jong-un, has told South Korean officials that he is willing to hold talks with the United States on getting rid of North Korea’s nuclear weapons in exchange for guarantees of security from the United States. Mr. Kim also said that his country would suspend all nuclear and missile tests during these talks. Knowing this, how much confidence do you have that the U.S. will successfully negotiate with North Korea to stop building its nuclear weapons program?

Table POL26: As you may know, the adult film star Stormy Daniels received a payment of $130,000 from Trump's lawyer in October of 2016. Daniels claims to have had a sexual affair with President Trump in 2006 and 2007, and some have speculated that this money, in addition to a nondisclosure agreement, were intended to ensure that Daniels did not speak out about the affair during the 2016 campaign. Now, Stormy Daniels has filed a lawsuit alleging that President Trump was directly involved in this payment. This payment was not reported as a campaign expenditure, which some argue constitutes a violation of campaign finance law. Knowing this, which of the following statements comes closer to your view, even if neither is exactly right?

Table POL26: As you may know, the adult film star Stormy Daniels received a payment of $130,000 from Trump’s lawyer in October of 2016. Daniels claims to have had a sexual affair with President Trump in 2006 and 2007, and some have speculated that this money, in addition to a nondisclosure agreement, were intended to ensure that Daniels did not speak out about the affair during the 2016 campaign. Now, Stormy Daniels has filed a lawsuit alleging that President Trump was directly involved in this payment. This payment was not reported as a campaign expenditure, which some argue constitutes a violation of campaign finance law. Knowing this, which of the following statements comes closer to your view, even if neither is exactly right?

Table indPresApp_4: Next we will look at a list of names that are active in politics. It is a long list, please take the time to go through the list carefully and give an individual answer for each name below. For each person, please indicate if you have a Very Favorable, Somewhat Favorable, Somewhat Unfavorable, or Very Unfavorable opinion of each. If you have heard of the person, but do not have an opinion, please mark “Heard Of, No Opinion”. If you have not heard of the person, please mark “Never Heard Of”:
