

National Tracking Poll #180838
August 24-26, 2018

Crosstabulation Results

Methodology:

This poll was conducted from August 24-26, 2018, among a national sample of 1970 Registered Voters. The interviews were conducted online and the data were weighted to approximate a target sample of Registered Voters based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table Index

1	Table P1: Now, generally speaking, would you say that things in the country are going in the right direction, or have they pretty seriously gotten off on the wrong track?	7
2	Table Q172: Do you approve or disapprove of the job Donald Trump is doing as President?	11
3	Table P3: Now, thinking about your vote, what would you say is the top set of issues on your mind when you cast your vote for federal offices such as U.S. Senate or Congress?	15
4	Table POL1_1: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Male	19
5	Table POL1_4: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Female	23
6	Table POL1_5: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Heterosexual	27
7	Table POL1_6: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Gay	31
8	Table POL1_7: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Lesbian	35
9	Table POL1_8: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Transgender	39
10	Table POL1_9: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Bisexual	43
11	Table POL1_10: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Single	47
12	Table POL1_11: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Married	51
13	Table POL1_12: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Divorced	55
14	Table POL1_13: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A parent	59
15	Table POL1_14: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Not a parent	63
16	Table POL2_1: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: White	67
17	Table POL2_4: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Black	71

18	Table POL2_5: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Native-American	75
19	Table POL2_6: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Hispanic	79
20	Table POL2_7: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Of Asian descent .	83
21	Table POL2_8: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Of Middle Eastern descent	87
22	Table POL3_1: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Christian	91
23	Table POL3_4: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Mormon	95
24	Table POL3_5: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Muslim	99
25	Table POL3_6: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Catholic	103
26	Table POL3_7: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Jewish	107
27	Table POL3_8: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Atheist	111
28	Table POL3_9: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Agnostic	115
29	Table POL3_10: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Hindu	119
30	Table POL3_11: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Buddhist	123
31	Table POL4_1: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A hunter and/or fisher	127
32	Table POL4_4: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: An Eagle Scout . .	131
33	Table POL4_5: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A farmer	135
34	Table POL4_6: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: An athlete	138

35	Table POL4_7: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A musician or artist	142
36	Table POL4_8: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A banker	145
37	Table POL4_9: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A teacher	148
38	Table POL4_10: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A small-business owner	151
39	Table POL4_11: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A high-ranking corporate executive	155
40	Table POL4_12: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A lawyer	159
41	Table POL4_13: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A prosecutor . . .	162
42	Table POL4_14: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A criminal defense attorney	165
43	Table POL4_15: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A judge	168
44	Table POL4_16: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A community organizer	171
45	Table POL4_17: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A veteran of the Armed Forces	174
46	Table POL4_18: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: On active duty in the military reserves	177
47	Table POL4_19: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A journalist . . .	180
48	Table POL4_20: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A police officer . .	183
49	Table POL4_21: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A doctor	186

50	Table POL4_22: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A nurse	189
51	Table POL4_23: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: An immigrant . . .	192
52	Table POL4_24: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A religious leader	195
53	Table POL4_25: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A factory worker .	198
54	Table POL4_26: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A scientist	201
55	Table POL4_27: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A college graduate	204
56	Table POL4_28: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: A graduate of an Ivy League university	208
57	Table POL4_29: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who hasnt completed college	211
58	Table POL4_30: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Wealthy	214
59	Table POL4_31: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Poor	217
60	Table POL4_32: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: In debt	220
61	Table POL4_33: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had worked in local or state government	223
62	Table POL4_34: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had worked in the federal government	226
63	Table POL4_35: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had worked as a lobbyist	229
64	Table POL4_36: Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had always lived in your community	232

65	Table POL4_37: <i>Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had moved back to your community recently</i>	235
66	Table POL4_38: <i>Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who came from the family of a politician</i>	238
67	Table POL4_39: <i>Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had worked for President Donald Trump</i>	241
68	Table POL4_40: <i>Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had worked for President Barack Obama</i>	244
69	Table POL4_41: <i>Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had worked for President George W. Bush</i>	247
70	Table POL4_42: <i>Would you be more or less likely to support a candidate for federal office such as U.S. House or Senate, or would it not make a difference either way, if the candidate were: Someone who had worked for President Bill Clinton</i>	250
