

National Tracking Poll #180961
September 20-24, 2018

Crosstabulation Results

Methodology:

This poll was conducted from September 20-24, 2018, among a national sample of 2201 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
