Table HRC8: As you may know, Hillary Clinton gave several paid speeches to Wall Street banks and organizations she had publically criticized in the past. Which of the following statements comes closest to your view, even if neither are exactly right?

Demographic	Clinton should release the transcripts. It is hypocritical of her to criticize the banking and financial system and call for more regulations while giving paid speeches worth hundreds of thousands of dollars to these groups.		Clinton does not need to release the speech transcripts. She gave the speeches as a private citizen to another group of private citizens. This is being brought up as a political attack against her. Table HRC8: As you may know, Hillary Clinton gave several paid speeches to Wall Street banks and organizations she had publically criticized in the past. Which of the following statements comes closest to your view, even if neither are exactly right?

Demographic	Clinton should release the transcripts. It is hypocritical of her to criticize the banking and financial system and call for more regulations while giving paid speeches worth hundreds of thousands of dollars to these groups.		Clinton does not need to release the speech transcripts. She gave the speeches as a private citizen to another group of private citizens. This is being brought up as a political attack against her.
