National Tracking Poll \#190245
February 22-24, 2019

## Crosstabulation Results

Methodology:
This poll was conducted from February 22-24, 2019, among a national sample of 1994 Registered Voters. The interviews were conducted online and the data were weighted to approximate a target sample of Registered Voters based on age, race/ethnicity, gender, educational attainment, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.

Table POL7: As you may know, legislation for universal childcare was recently proposed in the Senate. The proposed legislation would create a network of government-funded care centers providing free child care for families earning less than 200 percent of the federal poverty level and discounted child care for families earning about that level. Based on what you know now, would you support or oppose this proposal?

[^74]Table POL7: As you may know, legislation for universal childcare was recently proposed in the Senate. The proposed legislation would create a network of government-funded care centers providing free child care for families earning less than 200 percent of the federal poverty level and discounted child care for families earning about that level. Based on what you know now, would you support or oppose this proposal?
