Table POL15: *As you may know, Sen. Elizabeth Warren (D-Mass.) released the results of a genetic ancestry analysis which showed 'strong evidence' that she had a Native American ancestor dating back six to ten generations. Warren, who is white, said she released the results of the analysis because she has been attacked by President Trump and her Senate challengers for listing herself as a racial minority in the Association of American Law Schools Directory of Law Teachers from 1986 to 1995. Based on what you know, does Sen. Warren's handling of this situation make you feel more favorable or less favorable towards her, or does it not make a difference?*
