

National Tracking Poll #190914
September 05-07, 2019

Crosstabulation Results

Methodology:

This poll was conducted between September 5-September 7, 2019 among a national sample of 2200 Adults. The interviews were conducted online and the data were weighted to approximate a target sample of Adults based on age, educational attainment, gender, race, and region. Results from the full survey have a margin of error of plus or minus 2 percentage points.
